The **Pittsburgh & Lake Erie Railroad Historical Society** proudly announces the third in a series of "Project Car" offerings for model railroaders.

This **Limited Edition** run commemorates the Pittsburgh & Lake Erie Railroad's postwar A.A.R. Standard 40' Boxcars built from 1949-1952 in an HO scale three car set offered exclusively by the P&LE Historical Society. All of the boxcars in this series were featured in Volume 4 of "The Little Giant" in June, 2010. The graphics were reviewed and approved by the Society to ensure accuracy.

This car project utilizes Accurail's 40' boxcar (Series 3500) with appropriate paint and graphics. **Quantities are Limited to 75 sets with delivery expected in October of 2012.** Pre-orders are being accepted now.

Proceeds will be used to preserve the history of the Pittsburgh & Lake Erie Railroad.
